*While we have held our prices for 10 years, we find it necessary to raise the weekly tuition to \$325.00 a week for 2022.*

*Although our operating costs have continued to increase, we also want to reduce the number of campers each week so that we can stay committed to offering the highest level of instruction and focus on the program for every camper. The "Early Birdie" specials and the season pass reflect this increase.*

*As always, we thank you for your loyalty and support!*
